“I have found the programme delivered by Jon and Eoin to be a great help in navigating the RICS APC process. It has been thoughtfully structured, well delivered and has the added bonus of providing much of the CPD required. It is really useful to hear from other members of the cohort on a weekly basis as they go through the same process too. All in all I would highly recommend it to anyone else considering enrolling on the programme.

“I am pleased to be working alongside Jon mentoring Candidates on this programme. Our professional input is valued by Candidates working through their APC process and in development of their Submission Document. I highly recommend this Programme to Candidates on their journey to Chartership.” **Eoin Lawless FRICS**
